

## Unit 2.1 Graded Assignment: Jupyter-lab

### Instructions:

**Write a bash command which formats markdown cells in file my\_notebook.ipynb (nbqa github page might be helpful).**

**nbqa blacken-docs my\_notebook.ipynb --nbqa-md**

### Submitted By:

1. Syed Muhammad Hammad Irshad (2303.KHI.DEG.032)
2. Arshad Shiwani (2303.KHI.DEG.026)

### Solution:

Before closing tab we got rewriting on running command

```
Requirement already satisfied: blacken-docs==1.16.0 in /home/syedmuhammadhammadirshad/.local/lib/python3.10/site-packages (from blacken-docs==1.16.0) (1.16.0)

print      ('hjbbjk')

[1]: !nbqa blacken-docs test.ipynb --nbqa-md

test.ipynb: Rewriting...

[ ]:
```

after closing tab the print statement got fixed

```
Requirement already satisfied: platformdirs>=2 in /home/syedmuhammadhammadirshad/.local/lib/python3.10/site-packages (from blacken-docs==1.16.0) (3.2.0)
Requirement already satisfied: pathspec>=0.9.0 in /home/syedmuhammadhammadirshad/.local/lib/python3.10/site-packages (from blacken-docs==1.16.0) (0.11.1)
Requirement already satisfied: tomli>=1.1.0 in /usr/lib/python3/dist-packages (from blacken-docs==1.16.0) (1.2.2)
Requirement already satisfied: click>=8.0.0 in /usr/lib/python3/dist-packages (from blacken-docs==1.16.0) (8.0.3)

print("hjbbjk")

[1]: !nbqa blacken-docs test.ipynb --nbqa-md

[ ]:
```
